Mr. Ed Mussler, P.E.  
North Carolina Department of Environment  
and Natural Resources  
Division of Waste Management  
Solid Waste Section  
401 Oberlin Road  
Suite 150  
Raleigh, North Carolina 27605

Dear Mr. Mussler:

Based on our October phone conversations and the information packet you provided, the Camp Lejeune Environmental Management Department (EMD) has generated the enclosed application for the use of bioremediated soil as daily cover at the Installation's lined, solid waste landfill.

This pilot demonstration application includes information on the practices and procedures of the bioremediation processes, the handling of soils, and all recordkeeping and reporting. All pertinent information should be contained within the application; however, should additional information be required, the point of contact is Ms. Nicole Hall. She may be reached at telephone number (910) 451-5068, fax (910) 451-5997 or email [lemore-halln@clb.usmc.mil](mailto:lemore-halln@clb.usmc.mil).

Sincerely,

SCOTT A. BREWER, PE  
Deputy Assistant Chief of Staff  
Environmental Management

By direction of  
the Commanding General

Enclosure: 1. Pilot Scale Demonstration Project Application
