Raleigh, North Carolina 27611-7687

Ref: Municipal Solid Waste Landfill, Camp Lejeune, North Carolina; Military Construction
Project P-948

Enclosed are four copies of the report entitled, "Assessment of Potential Groundwater Impacts from Operable Unit Number 2 on the Proposed Camp Lejeune Landfill Site G." These are forwarded for your review in conjunction with the referenced project. The final plans will be forwarded for your review within the next three weeks. Based on your recommendations, following the review of both the report and the plans, the elevation for the bottom of the cell will be adjusted if needed.

The Record of Decision on the final Environmental Impact Statement is scheduled to be published by February 10, 1995. As soon as this occurs, the project will be advertised for construction. Award is scheduled for March 1995.

The construction will be phased as discussed during our meeting of July 27, 1994. Only work outside the cell will be performed pending the issuance of the final permit by your office. This work will include improvements on Piney Green Road and installation of the force main extension.

Please address all correspondence regarding this project to the Atlantic Division, Naval Facilities Engineering Command, Norfolk, Virginia, Attn: Ms. M. E. (Ellen) Freihofer, Code 0314C. She can be reached by telephone at (804) 444-9614. If you have specific technical questions regarding the schedule and operation at Operable Unit Number 2, please contact Ms. L. G. (Linda) Berry-Saksvig at (804) 322-4793, or Ms. K. H. (Kate) Landman at (804) 322-4818.
