Final Site 78 Pilot Study Report
Marine Corps Base, Camp Lejeune, North Carolina

Dear Mr. Hood:

Baker Environmental, Inc. (Baker) is pleased to submit the Final Site 78 Pilot Study Report, Marine Corps Base (MCB), Camp Lejeune, North Carolina. The only replacement page is Page 3-9 that addresses comment #2 received from Mr. Randy McElveen of the NC DENR Superfund Section on July 7, 2005. No other comments were received that require changes for the final report, and Attachment A provides our responses to Mr. McElveen's comments and the acceptance letter from Ms. Gena Townsend from EPA Region IV. An additional unbound copy is also included for the Administrative Record Files.

Baker appreciates the opportunity to serve NAVFAC Atlantic on this important project. Should you have any questions regarding this submittal, please contact me at 412-269-2033.

Sincerely,

BAKER ENVIRONMENTAL, INC.Richard E. Bonelli, P.G.
