Hi Charity,

I just completed my review and have a few minor corrections mainly with the format.

1. OU 11 "Protection of Human Health and the Environment" section, the second sentence needs to be corrected. There is duplicate wording.
2. The photos for OU 16 & OU 19 should be moved and placed under the correct OUs. OU 16's photo is included under OU 19's write-up and OU 19's photo is included under OU 21's write-up. These are minor corrections, but, if you do not take the time to read the photo captions, you can be misled.

Subject: 5-year review Fact Sheet

Hi good morning everyone!

I have a journalist from the NY Times coming on base tomorrow for an interview about the ER,N program. I was thinking of giving her a copy of the 5-year review Fact Sheet (well-the 12 page Fact Sheet!), but I just realized we're waiting on comments from the EPA. I don't want to hand out anything that hasn't been finalized yet. Gena-any chance you'd be able to take a look? There's also a presentation we gave the RAB summarizing the 5-year review and I may just print that out for her.

Thanks much,
-c-
