Subject: Final Confirmatory Sampling Investigation Addendum Report for SWMU 423
MCB Camp Lejeune, North Carolina
CTO-0100
Contract Number N62470-02-D-3052

Dear David:

CH2M HILL is pleased to submit the Final Confirmatory Sampling Investigation (CSI) Report for Solid Waste Management Unit (SWMU) 423. Additional copies are being forwarded to the North Carolina Department of the Environment and Natural Resources and to Camp Lejeune Environmental Management Division.

The addendum report recommends an interim remedial measure soil removal based on a human health risk evaluation. It also recommends conducting a limited RFI to address final site management options.

If you have any questions or concerns about this report, please notify Dan Tomczak at (919) 875-4311 or me at (704) 329-0073.

Sincerely,

CH2M HILL
