Re: Contract N62470-95-D-6007  
Navy CLEAN II, District III  
Contract Task Order (CTO) 0120  
Final Close Out Report (FCOR) for Operable Unit (OU) 7 (Sites 1 and 28)  
Marine Corps Base, Camp Lejeune, North Carolina

Dear Mr. Stevens:

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) one bound and one unbound copy of the FCOR for OU 7 (Sites 1 and 28). One copy of each report has also been forwarded to Mr. Rick Raines at MCB, Camp Lejeune, and two copies to CH2M Hill. Copies of the reports have also been distributed to representatives of the U.S. Environmental Protection Agency (EPA) - Region IV, the North Carolina Department of Environment and Natural Resources (NC DENR), and the Naval Environmental Health Center (NEHC). In addition, one copy of the report was forwarded to Shaw Environmental. Formal comments on the Draft FCOR were provided by the EPA and NEHC. As discussed at the August 2002 Partnering Meeting, no further comments were received from the Partnering Team and it was determined that the report could be issued final.

This report includes Attachments E and F for insertion of the State of North Carolina and USEPA approval letters, respectively. When these approval letters are received they will be distributed to the parties as listed above.

Should you have any questions or concerns regarding this report, or if I can be of further assistance on any other Long Term Monitoring issue, please do not hesitate to contact me at (412) 269-2028.

Sincerely,

**BAKER ENVIRONMENTAL, INC.**

Kenneth A. Tua  
Project Manager
