Dear Ms. Berry:

Baker Environmental, Inc. (Baker) has reviewed the referenced comments. Responses to these comments are provided in Attachment A. A copy of the comments is provided as Attachment B. Per your request, the responses can be found on the enclosed disc under the file name "RESPONSE" (Word Perfect 5.1).

Per our meeting of September 8, 1993 with Mr. Patrick Watters of the North Carolina DEHNR, no comments will be submitted by the DEHNR on the Draft RI/FS Project Plans. The DEHNR will comment on the Draft Final RI/FS Project Plans since these plans will include the scope of work for Site 41, which was recently included as part of OU No. 4 (the Draft RI/FS Project Plans for OU No. 4 did not address Site 41).

Baker is preparing the Draft Final Project Plans and is anticipating submittal of these documents no later than September 24, 1993. The Draft Final Project Plans will be revised in accordance with EPA comments as appropriate. Also, the RI/FS scope of work for Site 41 will be included.

If you have any questions, please do not hesitate to contact me at (412) 269-2016.

Sincerely,

BAKER ENVIRONMENTAL, INC.

  
Raymond P. Wattras  
Project Manager
