Re: MCB Camp Lejeune; Responses to EPA Region IV Comments on  
the Draft Site Inspections for Sites 44 (Jones Street  
Dump), 63 (Verona Loop Dump), and 65 (Engineer Area Dump)

Dear Ms. Glenn:

We have received your comments to the subject draft documents (letters dated December 1, December 3, and November 30, 1992, respectively). We are providing written notice that, as per the Marine Corps Base Camp Lejeune Federal Facilities Agreement (Section X.G.6.), we are exercising our privilege to extend the sixty-day period for responding to comments and issuing the subject draft final documents by twenty days. Therefore, the submittal date for the subject responses and Draft Final documents is delayed from January 29 to February 18, 1993.

This twenty-day extension is required to adequately address your comments on the draft versions of the subject documents and to determine a consistent format for all Draft Final Site Inspections for MCB Camp Lejeune.

Please direct any questions concerning this matter to Mr. Byron Brant at (804) 445-2931.

Sincerely,

L. A. BOUCHER, P.E.  
Head  
Installation Restoration Section  
(South)  
Environmental Programs Branch  
Environmental Quality Division  
By direction of the Commander
