Re: Contract N62470-95-D-6007  
Navy CLEAN II, District III  
Contract Task Order (CTO) 0219  
Draft non-Time Critical Removal Action for Site 84, Building 45 Area  
Marine Corps Base, Camp Lejeune, North Carolina

Dear Mr. Stevens:

I am pleased to submit on behalf of Baker Environmental, Inc. (Baker) one copy of the Draft non-Time Critical Removal Action (non-TCRA) for Site 84, Building 45 Area. One copy of the report has also been forwarded to Mr. Rick Raines at MCB, Camp Lejeune, and to Mr. Chris Bozzini and Mr. Scott Bailey at CH2M Hill. Copies of the reports have also been distributed to representatives of the U.S. Environmental Protection Agency (EPA) - Region IV and the North Carolina Department of Environment and Natural Resources (NC DENR).

This draft document provides detail on the non-TCRA for soils and the foundation of Building 45. As you are aware, soils in the immediate area of Building 45 have been impacted by Polychlorinated Biphenyls (PCBs) and Polynuclear Aromatic Hydrocarbons (PAHs). The non-TCRA is intended to address this portion of Site 84. In an effort to meet the anticipated start date of the non-TCRA (January 2002), we would like to arrange a conference call at your earliest convenience to discuss any comments and/or suggestions on the document prior to issuing as final.

In the meantime, should you have any questions or concerns regarding this submittal please do not hesitate to contact me at (412) 269-2055.

Sincerely,

**BAKER ENVIRONMENTAL, INC.**

Jeffrey P. Tepsic, P.G.  
Project Manager
