RE: Comments on the Draft Project Closeout Report
Operable Unit (OU) # 19, Site 84 at MCB Camp Lejeune, NC
Soil and Groundwater
Camp Lejeune, NC6170022580
Jacksonville, Onslow County, North Carolina

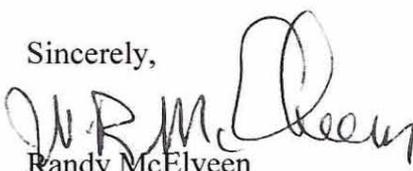

Dear Mr. Hood:

The NC Superfund Section has received and reviewed the OU #19 (Site 84) Draft Project Closeout Report dated November 2006 for the Camp Lejeune, MCB Superfund Site located in Jacksonville, NC. The following comment is offered for the Partnering Teams consideration. If you have any questions or comments please contact me at (919) 508 8467. The Division of Water Quality (DWQ) has 2 comments that are attached to this letter.

General Comment

The NC Superfund Section has completed its review of the subject document and only has the general comment to include all appropriate laboratory data in the final report. Other than the DWQ comments and the general comment above, the Closeout Report appears to be in good order.

If you have any questions or comments, please contact me, at (919) 508 8467 or email to randy.mcelveen@ncmail.net

Sincerely,

Randy McElveen
Environmental Engineer
NC Superfund Section

Memorandum

TO: Randy McElveen, Superfund Section
THROUGH: Charlie Stehman 
FROM: Ginny Henderson 
SUBJECT: Draft Project Closeout Report
OU 19, Site 84, Building 45 Area
Camp Lejeune, Onslow County
Incident No. 85299

Based on our review of the subject report provided by Rhēa Engineers and Consultants, inc., on behalf of the Department of the Navy, Naval Facilities Engineering Command, Atlantic Division; the Division of Water Quality, Aquifer Protection Section, Wilmington Regional Office (WiRO) has the following comments to offer for the final version of the reports:

- On page 4, Section 1.3, first bullet on page 4, the word Section should be added after Aquifer Protection.
- On page 10, Section 3.2, the word Protection after Groundwater should be removed. The word Section should be added after the parentheses that include formerly Groundwater. The parentheses and formerly Groundwater should be moved to page 4 (see first bullet) after Aquifer Protection.

If you have questions, please call me at (910) 796-7339.
