RE: State Concurrence on No Further Action Decision Document
Site 85 Battery Dump
MCB Camp Lejeune, NC
Soil and Groundwater
Camp Lejeune, NC6170022580
Jacksonville, Onslow County, North Carolina

Dear Mr. Hood:

The NC Superfund Section received and reviewed the Draft Final No Further Action (NFA) Decision Document (DD) for the Site 85 Battery Dump Site and concurs with the proposed NFA DD subject to the following conditions:

1. Some minor comments on the document were forwarded to the Camp Lejeune Tier I partnering team on March 3, 2004. These comments should be incorporated into the final signed NFA document.
2. The State's concurrence is based solely on the information contained in the November 2002 NFA DD. Should we receive additional information that significantly affects the conclusions of the NFA, we may modify or withdraw this concurrence with written notice to the Naval Facilities Engineering Command for Camp Lejeune and the EPA Region IV.

The soil and groundwater have been confirmed by appropriate sampling and analysis to meet State and Federal standards for the contaminants of concern; therefore, CERCLA-defined limitations on the use of the property are not required. If you have any questions or
