RE: Comments on the Site 95 Draft NTCRA Summary Report
MCB Camp Lejeune, NC
NC6170022580
Jacksonville, Onslow County, North Carolina

Dear Mr. Cleland:

The NC Superfund Section has received and reviewed the Draft Non-Time-Critical Removal Action (NTCRA) Summary Report dated August 5, 2010 for the Magnolia Road Dipping Vat, Site 95 at the Camp Lejeune, MCB. The NC Superfund Section has no comments on the Draft Summary Report. The NC Superfund Section Representative, Randy McElveen, completed XRF confirmation sampling and Overview of this Removal Action excavation work and has a photo and memo record of the work performed. The Summary Report appears to be in good order and is consistent with the work performed at the Site. Based on the results of the groundwater analytical sampling and confirmation soil sampling, it appears that no further action is required at this site.

Mr. Dave Cleland
