Dear Mr. Bassett:

This letter is to serve as a transmittal of the Draft Fish Investigation Report for Slocum Creek. This report provides the results of the investigation of Slocum Creek for potential risk to human health through fish tissue ingestion. It includes a risk assessment based on the levels of contaminants found in the fish tissue. It also compares the contaminate levels found in Slocum Creek to the levels found in background areas.

If you have any questions please feel free to call me at (757) 322-4811.

Sincerely,

A handwritten signature in cursive script that reads "Lance S. Laughmiller".
