Dear Mr. Rule:

Please be advised that the schedule on CTO 244 has been impacted. A Draft Work Plan was scheduled to be submitted to the Cherry Point Partnering Team on August 7, 1998. This draft was to include comments from the Navy and Air Station on a Pre-Draft version. The comments were due on August 5, 1998. We have not yet received a full set on comments from the Air Station. The Draft Work Plan will be submitted two days from receipt of the Air Station's comments.

The Navy RPM, Lance Laughmiller, is aware of the delay.

If you have any questions, please call me at (610) 491-9688.

Sincerely,

Margaret H. Price
