Mr. Henry Sermons  
Fire Marshall  
P.O. Drawer R  
New Bern, North Carolina 28560

Dear Mr. Sermons:

Marine Corps Air Station (MCAS), Cherry Point, North Carolina is pleased to advise that a corrective measure has been recommended for Resource Conservation and Recovery Act Facility Investigation (RFI) Units 5 and 17. As the community representative of our Technical Review Committee (TRC) for MCAS Cherry Point, please find as enclosure (1) the Draft-Final Construction Plans for RFI Units 5 and 17 for your review and comment. Enclosure (2) is the Final Corrective Measures Study for these units. This recommended corrective measure is summarized in the Statement of Basis provided in enclosure (3).

The public comment period for the recommended corrective measure for these units will end September 19, 1994. A public meeting is scheduled on August 18, 1994 at the Havelock City Auditorium. Your comments on the Draft-Final Construction Plans are welcome throughout the public comment period.

Your involvement as a TRC member is appreciated and essential to the Air Station's efforts. If you have questions, please feel free to contact Ms. Renee Henderson of the Environmental Affairs Department at (919) 466-5391.

Sincerely,

G. W. RADFORD  
Supervisory  
Environmental Engineer  
By direction of  
the Commanding General
