Subject: RE: Updated Platt notes

Good morning Jason,

I have reviewed the OU14, Site 90 plat and have the following comments:

1. Notes in upper right hand corner- Note 1 should read: Boundary of groundwater land use controls...and was established by the Record of Decision for Operable Unit 14, Site 90, MCAS Cherry Point, August 2009.
2. The Vicinity Map in the upper right hand corner is useless. See any previous Cherry Point OU Plat for example.
3. Middle right hand side of plat- "Notice of Inactive Hazardous Substance or Waste Disposal Site for OU14" should read " Notice of Contaminated Site for OU14"
 - a. Note 1 under this heading- delete "the disposal areas and"
 - b. Note 6- add "or" between "North Carolina" and "any"
4. Upper left hand corner- add more space after the first sentence and before Jack Butler's signature line.
5. Upper left hand corner- add more space after Wake County and before the Notary Block.
6. The Acreage Table (left hand side) is confusing. We need to somehow identify the two areas or combine them.

Thank you,

George Lane

Subject: Updated Platt notes

George - Please see the attached revised survey plat. Hill revised the notes and signature field per our discussion. Please let me know if you have additional comments or questions. If everything is OK, I'll get them to send final versions your way.

Thanks,

Jason Williams
