Attn: Ms. Carol Witt-Smith (HRP-8J)

Dear Ms. Witt-Smith:

Crane Division, Naval Surface Warfare Center (NAVSURFWARCENDIV) has submitted seven reports of RCRA Facility Investigations (RFI) between March, 1991 and January, 1993, for which EPA has not returned comments. NAVSURFWARCENDIV understands that the large number of RFI reports submitted within this short time period and EPA's staff work load have made it difficult for your office to respond with comments on the reports.

Crane is under funding restraints for the upcoming fiscal year and must finalize pending RFI reports in order to proceed to other stages of Corrective Action such as implementation of Remedial Actions. Accordingly, if comments have not been received regarding the submitted reports, listed below, by December 1, 1993, NAVSURFWARCENDIV will proceed with finalization of the DRAFT reports. The reports and dates submitted are as follows:

1. SWMU 02/11 Dye Burial Grounds - DRAFT Phase II RFI for Ground Water, submitted March 4, 1991.
2. SWMU 02/11 Dye Burial Grounds - DRAFT Interim Measures Geophysical Investigation, submitted June 14, 1991.
3. SWMU 03/10 Ammunition Burning Ground - DRAFT Phase III RFI for Ground Water, submitted September 1, 1992.
4. SWMU 03/10 Ammunition Burning Ground - DRAFT Phase III Part 1 RFI for Soils, submitted January 7, 1993.
5. SWMU 05/03 Old Burn Pit - DRAFT Interim Measures Sampling, submitted November 26, 1990.
6. SWMU 07/09 Old Rifle Range - DRAFT Phase II RFI for Soils, submitted June 24, 1991.
7. SWMU 10/15 Rockeye - DRAFT Phase II RFI for Soils, submitted September 2, 1992.

NAVSURFWARCENDIV Crane point of contact is Mr. Thomas J. Brent, Code 09510, telephone 812-854-1132.

Sincerely,

G. K. HILL
