Dear Mr. Steward:

This letter is in response to your request for ground water sampling dates. Tetra Tech NUS, the Crane Division, Naval Surface Warfare Center (NAVSURFWARCENDIV Crane) ground water sampling contractor, intends to be in the field for approximately two weeks starting May 17, 1999. This is a tentative date, and depends largely on funding. However, sampling events will occur in May, then August, and November. Again, each event will take approximately two weeks.

NAVSURFWARCENDIV Crane point of contact is Mr. Thomas J. Brent, Code 09510, telephone 812-854-6160.

Sincerely,

*James M. Humsicker*
