Dear Mr. Ramanauskas:

Crane Division, Naval Surface Warfare Center (NAVSURFWARCENDIV Crane) submits change pages for the Quality Assurance Project Plan and the Work Plan for the Base-Wide Background Soil Investigation as enclosures (1) and (2), respectively. These change pages will replace appropriate pages in the Draft documents dated May 1999 in order to make them Final. Please note that Tetra Tech NUS (TtNUS) inadvertently omitted even numbered pages from Standard Operating Procedure (SOP) 7015. However, as TtNUS desires to begin field work November 1, 1999, TtNUS will submit a complete and correct SOP 7015 under separate cover. The required Certification Statement is provided as enclosure (3).

NAVSURFWARCENDIV Crane point of contact is Mr. Thomas J. Brent, Code 09510, telephone 812-854-6160.

Sincerely,
