The letter Ser 095/1017 was for the submittal of the five quarterly ground water monitoring reports for Ammunition Burning Grounds for the period November 1998 through December 1999. The referenced Reports are not included because this reporting requirement is from the Subpart X permit (and not the Corrective Action portion of the Part B permit which requires maintaining of the Administrative Record).

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
