Bill,

The responses to comments on these two QAPPs satisfied the approval conditions. You may consider them unconditionally approved.

Thanks!  
Pete

Subject: UNCONDITIONAL QAPP APPROVALS

Peter - I would like to follow-up two QAPPs that received conditional approval:

- (1) SWMUs 4,5,9,10 RFI - 10/31/00 EPA conditional approval, 11/30/00 eco comments, 2/8/01 response to comments and change pages, 3/15/01 change pages for four additional borings at SWMU 4.
- (2) SWMU 12 Batteries Site - 1/19/01 conditional approval, 2/2/01 and 2/15/01 response to comments and replacement pages.

I cannot find any unconditional approval correspondence. If you concur please send final approval (email or letter).

Thanks,
