Subject: SWMU 8 phase 2 RFI workplan review

Tom and Bill, I've looked thru the electronic copy and I have nothing further to add. I am trying to get hold of some of the papers on the Penn and Miss rocks to review before my site visit in May, so far I am playing phone tag with Rupp. I'm hoping they may have copies in the library at IUPUI I can walk over and read. We can order them from IGS, but with all the paperwork I don't know when, if ever, I would get them.

*SWMU 8 (BIOG7)
Round 2 sampling
approval from IDEM*
