Dear Mr. Ramanauskas:

Crane Division, Naval Surface Warfare Center submits the Revised Final Statement of Basis (SB) for the Dye Burial Grounds (DBG), Solid Waste Management 02 as enclosure (1). In reference to your January 19, 2006 email comment, the original blanket statement on page 5 that none of the detected dye concentrations exceeded the Media Cleanup Standards (MCSs) in Table 1 was incorrect. The text should have stated that none of the detected dyes exceeded the applicable MCSs. The text has been changed accordingly. The permit required Certification Statement is provided as enclosure (2).

If you require any further information, my point of contact is Mr. Thomas J. Brent, Code PRCR4-TB, at 812-854-6160, email thomas.brent@navy.mil.

Sincerely,

A handwritten signature in cursive script that reads "James M. Hunsicker".
