Re: Letter of Approval  
Corrective Measures Study Report  
March 2006  
SWMU #10 - Rockeye

Dear Mr. Brent:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the Navy's Response to Comments and revised Final Corrective Measures Study (CMS) Report for Solid Waste Management Unit (SWMU) #10 - Rockeye dated March 2006. The CMS screened corrective measures technologies and evaluated three remedy alternatives.

The CMS report is approved. The U.S. EPA, the Indiana Department of Environmental Management (IDEM) and the Navy are proceeding with a public comment period for the proposed remedial alternative.

If you have any questions regarding this matter, please contact me at (312) 886-7890.

Sincerely,
