SUBJECT: TRANSMITTAL OF DRAFT INTERIM GROUNDWATER SAMPLING EVENT
(IGWSE) 05 - APRIL 2007 RESULTS, SITE 03 - CONSTRUCTION
EQUIPMENT DEPARTMENT, FORMER NAVAL CONSTRUCTION
BATTALION CENTER (NCBC) DAVISVILLE, RI

Dear Ms. Williams/Mr. Balukonis:

The Draft IGWSE 05 (April 2007) Results Report for Site 03 at the former NCBC Davisville is provided as enclosure (1). Four copies of this document are provided to the EPA and one copy is provided to RIDEM.

As discussed during the June and September 2006 BCT meetings, the Navy plans to discontinue the interim annual groundwater sampling at Site 03. The Navy performed the April 2007 groundwater sampling round to coincide with an Army Corps groundwater investigation in the PR-58 Nike and Site 03 areas, so that a complete synoptic round of groundwater chemistry data could be collected. We believe the next steps at Site 03 should be focused on efforts to refine the conclusions of the Remedial Investigation and proceed with a Feasibility Study.

If you have any questions, please do not hesitate to contact the Remedial Project Manager, Mr. Curt Frye, at 215-897-4914.
