RE: Draft ROD - Sites 6, 11, and 13  
NCBC Davisville, Rhode Island  
Submitted 5 August 1998, Dated August 1998

Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management (RIDEM) has reviewed the above referenced document. Section G (Description of the "No Further Action" Alternative) page 21 explains why the alternative was chosen, it does not describe what the alternative is. In this Section please add discussion describing what the no action alternative means i.e. no monitoring, no deed restrictions, etc. Upon revision of this section and completion of the responsiveness summary RIDEM will then consider the document complete. Please forward three copies of the revised document for RIDEM review.

RIDEM looks forward to working with the Navy and EPA on the completion of activities at these sites. If you have any questions or require additional information please call me at (401) 222-2797 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.  
Principal Sanitary Engineer
