RE: Draft Final SASE Reports on Calf Pasture Point Munitions Bunkers, CED Drum Storage Area, Building 56, and CED Asphalt Disposal Area, Naval Construction Battalion Center, RI

Dear Mr. Krivinkas:

In general, the Rhode Island Department of Environmental Management, Division of Site Remediation (RIDEM) accepts the recommendations made to perform additional investigations to fully evaluate the risks associated with these sites. Please be advised, however, that these reports do not reflect the new background numbers generated as a result of comments made on the Phase II RI. Therefore, an evaluation of revised background numbers and the impact they have on the stated conclusions must be performed.

If you have any questions or require additional information please call me at (401) 277-3872 ext. 7138.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gottlieb".

Richard Gottlieb, P.E.
Principal Sanitary Engineer
