RE: Draft Final Feasibility Study
Site 07 - Calf Pasture Point
Navy Response to 13 June 1997 RIDEM Comments
NCBC Davisville, Rhode Island
Submitted 17 July 1997, Dated 17 July 1997

Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management has reviewed the above referenced responses. As noted during our 22 July 1997 Long Term Monitoring Plan (LTMP) meeting RIDEM has some remaining concerns regarding the precise activities to be undertaken as part of this activity. The specific details of the LTMP, however, need not be resolved at this time, but rather, can be addressed during the Remedial Design phase. Therefore, with the understanding that LTMP issues still need to be resolved RIDEM finds the responses to be acceptable.

If you have any questions or require additional information please call me at (401) 277-3872 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.
Principal Sanitary Engineer
