Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management (RIDEM) has reviewed the above referenced document for the disposal of IDW at Allen Harbor Landfill. The document appears to be acceptable, however, under certain circumstances drums are to be washed. Please explain what will be used to wash the drums and where the washing will take place.

If you have any questions or require additional information please call me at (401) 222-2797 ext. 7138.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gottlieb".
