Mr. Richard Gottlieb  
Office of Waste Management  
Rhode Island Department of Environmental Management  
235 Promenade Street  
Providence, RI 02908-5767

Dear Ms. Williams and Mr. Gottlieb:

In accordance with the Federal Facilities Agreement, the Navy requests your concurrence with a revised submittal date of February 18, 2010 for the response-to-comments (RTCs) document for regulatory comments received on the Draft Sampling and Analysis Plan (SAP) to Support the Feasibility Study for Site 16 at the Former Davisville Naval Construction Battalion Center (NCBC), Rhode Island.

A schedule adjustment is necessary because of the number of comments received on the subject document. Additionally, recent data provided by the EPA Region I and the United States Army Corps of Engineers may impact planned data collection activities in the upgradient area of Site 16. The Navy is reviewing this recent data while developing responses to select comments.

If you have any questions, please do not hesitate to contact me at 617-753-4656.

Sincerely,

A handwritten signature in cursive script, appearing to read "David Barney", is written over a light blue horizontal line.

David Barney  
BRAC Environmental Coordinator  
By direction of BRAC PMO
