Re: Review of the Navy's Final Feasibility Study for Sites 3 and 10 (OU-6) (September, 2000)
for NWS Earle, Colts Neck, New Jersey

Dear Mr. Kolicius:

The Environmental Protection Agency (EPA), in accordance with our Federal Facility Agreement with the Navy, has reviewed the above referenced report prepared by Tetra Tech Nus, Inc. As we have discussed, since the final version of the feasibility study now includes a short discussion explaining why there is no unexploded ordnance (UXO) at site 10, EPA approves of this report in its present form.

If you have any questions, please call me at (212) 637-3921.

Sincerely yours,

A handwritten signature in cursive script that reads "Jessica Mollin".

Jessica Mollin, Project Manager
Federal Facilities Section
