Dear Mr. Musel:

RE: DABT57-94-P-8171 Sampling and Analysis of 5 Soil Samples at Fort Story, VA for RCRA Disposal.

Five composite samples were collected from the stock piled sand located at the Fort Story LARC area. The sand pile was divided into five sections and sampled at multiple locations and depths within each section.

Attached are drawings indicating sampling locations and depths. Should you need any further assistance, please contact me at (804) 461-0379.

Sincerely,

Alfred R. Steward
Project Manager
