Name and Location of Project: Remedial Investigation/Feasibility Study
(RI/FS); Naval Industrial Reserve Ordnance
Plant (NIROP), Fridley, Minnesota

Contract No.: DACA45-86-C-0015
Modification No. P00002
RMT Project #1254

Commanding Officer
Naval Facilities Engineering Command
U.S. Naval Base, Northern Division
Attn: Mr. David R. Smith, Code 1142
Building 77L
Philadelphia, PA 19112

Gentlemen:

Enclosed for your information and use is the final Remedial Investigation (RI) Report (Volume I) for the NIROP in Fridley, Minnesota. The final RI Report addresses the written review comments on the draft RI Report provided to RMT by the various reviewers. The report has been distributed by overnight mail service according to the attached distribution list.

Volume II (data and supporting documents) of the final RI Report is identical to Volume II of the final Interim Report, which you received on May 8, 1987, with the following exceptions:

- . Revised cover page.
- . Revised Table of Contents.
- . New Section 13.

Due to the large number of pages in Volume II and since only minor changes were required, Volume II is not being reissued with Volume I of the final RI Report. Therefore, please replace the cover page from your copy of Volume II of the Interim Report with the enclosed cover page for the final RI Report. In addition, please replace the Table of Contents sheet and add the new Section 13 to your copy of Volume II.

Please direct any comments or questions you may have on the final RI Report to Tom Thiele of the Corps of Engineers - Omaha District, (402) 341-1118.

Sincerely,

A handwritten signature in cursive script that reads "Eric Gredell".

Eric Gredell, P.E.
Project Manager
