RE: Approval of the Remedial Investigation Report for the Soils Operable Unit at the Naval Industrial Reserve Ordnance Plant, Fridley, Minnesota

Dear Chris:

The U.S. EPA has completed the review of Remedial Investigation Report for the Soils Operable Unit at the Naval Industrial Reserve Ordnance Plant, Fridley, Minnesota, September 1993.

Within the context of the Federal Facility Agreement for the Naval Industrial Reserve Ordnance Plant, Fridley, the Remedial Investigation Report for the Soils Operable Unit at the Naval Industrial Reserve Ordnance Plant, September 1993, is considered final as of the date of issue of this notice.

U.S. EPA understands that upcoming remedial documents related to completion of the Remedial Investigation Report for the Soils Operable Unit at the Naval Industrial Reserve Ordnance Plant, September 1993, i.e. Alternatives Array, Feasibility Study, should be scheduled and submitted in accordance with deadlines set forth in the Federal Facility Agreement for NIROP, Fridley.

Sincerely,

Thomas R. Bloom  
Remedial Project Manager
