RE: Naval Industrial Reserve Ordnance Plant

Dear Mr. Cabiness:

The Minnesota Pollution Control Agency (MPCA) staff has reviewed the document entitled "Geophysical Analysis of TCE Monitoring Data from the Navy Industrial Reserve Ordnance Plant at Fridley, Minnesota," (Report) dated September 11, 1995, submitted on behalf of the U.S. Navy (Navy) by Isaaks & Company. The Report is for Operable Unit 1 of the Naval Industrial Reserve Ordnance Plant Site, but was not submitted pursuant to the Federal Facility Agreement, dated March 27, 1991, between the MPCA, the U.S. Environmental Protection Agency, and the Navy.

The MPCA staff neither approves nor disapproves the Report and has no review comments.

If you have any questions regarding this letter, please contact me at (612) 296-7818.

Sincerely,

David N. Douglas
