Commanding Officer  
Southern Division  
Naval Facilities Engineering Command  
Attn.: Jeff Meyers, Code ES32  
P.O. Box 190010  
North Charleston, SC 29419-9010

RE: Naval Industrial Reserve Ordnance Plant Superfund Site

Dear Mr. Meyers:

The Minnesota Pollution Control Agency (MPCA) staff has reviewed the document entitled "Proposed Plan for Operable Unit (OU) 2 and Operable Unit (OU) 3," (Proposed Plan) dated July 2002. The Proposed Plan is for the Naval Industrial Reserve Ordnance Plant (NIROP) Superfund Site and was submitted pursuant to the Federal Facility Agreement, dated March 27, 1991, between the MPCA, the U.S. Environmental Protection Agency (U.S. EPA), and the U.S. Navy (Navy).

The MPCA staff hereby approves the Proposed Plan. The Land Use Control activities described in the Proposed Plan are considered an integral part of the remedy at NIROP and the submittal and approval process for the Proposed Plan is considered a commitment by the Navy to comply with the Land Use Control activities and is also considered an agreement between the MPCA and the Navy for such compliance.

If you have any questions regarding this letter, please contact me at (651) 296-7818.

Sincerely,

A handwritten signature in black ink that reads "David N. Douglas".

David N. Douglas, Project Manager  
Superfund/RCRA Unit  
Site Remediation Section  
Majors and Remediation Division
