Subject: Naval Industrial Ordnance Plant, Fridley, Minnesota
Record of Decision (ROD)

Dear Jeff:

Per your instruction, we are providing paper copies of the final NIROP Fridley OU2 and OU3 ROD to the Partnering Team. Although final, the ROD is not currently signed by Navy, EPA, or MPCA. The national DOD/EPA issues involved in attaining a signed ROD are beyond the scope of Tier 1 Partnering Team members. When Navy staff receives instructions on how to proceed to a signed ROD, the Partnering Team will be updated. Once the ROD is signed, replacement declaration pages, containing all signatures, will be provided for the ROD.

Electronic copies of the ROD (on CD) will be provided shortly.

Please call me if I can provide any other information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark Sladic'.
