Dear Dan:

Please find enclosed one copy of the final change pages for the revised Remedial Action Work Plan (RAWP) for NIROP Fridley. Response to comments are also attached. The change pages represent updates from the June 2005 draft in order to address EPA and MPCA review comments. If a section was not changed since the draft June 2005 RAWP, it is not included in the change pages. The QAPP signature page requires signatures from the Navy and the EPA. A concurrence letter is required from the MPCA.
