Great Lakes Naval Station
Superfund Technical File

Dear Mr. Busko:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Navy's Final Remedial Action Completion Report for Site 3 – Supply Side Landfill, Naval Station Great Lakes, Great Lakes, Illinois. It was dated December 2009 and was received at the Agency on January 11, 2010. This Remedial Action Completion Report (RACR) documents the implementation of the Supply Side Landfill Cap Work Plan, which occurred in 2004 and 2005, and was submitted to the Agency for review and comment. The Agency has conducted a review of the submittal to ensure all of the specified changes have been made.

The Agency has no more comments to provide and can now concur with the document as written.

If you have any questions you may contact me at (217) 557-8155 or via electronic mail at Brian.Conrath@illinois.gov.

Sincerely,
