Dear Mr. Robinson:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Navy's responses to Illinois EPA's comments on the Revised Draft Remedial Investigation and Risk Assessment Report, Site 17 – Pettibone Creek and Boat Basin from Tetra Tech NUS, Inc. Those responses and the corrected pages of the report were received electronically on August 6, 2003. The Agency has reviewed the Navy's responses to Illinois EPA's comments and the submitted corrected pages and grants its concurrence with those responses. However, since the final report is not currently in the Agency's possession, actual verification that the listed changes have been made in that final document is not possible. Therefore, Illinois EPA reserves the right to submit further comments upon receipt of the Final Remedial Investigation and Risk Assessment Report and performing a thorough review.

If you have any questions or require additional information, please contact me at (217) 557-8155 or by electronic mail at [brian.conrath@epa.state.il.us](mailto:brian.conrath@epa.state.il.us).

Sincerely,

*Brian A. Conrath*
