Contract N62470-95-D-6007
Navy CLEAN II Program
Contract Task Order 0198

Dear Ms. Hayes:

Enclosed for your review and comment is the revised Response to Comments letter, based on the discussions at the June 2001 NAB Little Creek partnering team meeting. This response letter was delayed to enable a response to comment 11, which we are providing as the addendum to the Background Groundwater Evaluation Technical Memorandum, titled Draft Final Background Investigation Addendum for Summer Groundwater Sampling Event.

In addition per the response to comments, we are proving three copies of changed pages for the Background Investigation Final Report. Each packet includes the following revised sections to be inserted into your current copies of the final document as noted:

- Page ES-1 (Executive Summary) (replace existing)
- Page 3-3 (replace existing)

Copies are also being sent to Ms. Mary Cooke of the USEPA, Mr. Paul Herman of the VADEQ, and Mr. Channing Blackwell of CNRMA as outlined on the distribution list below.

If you have any questions or comments regarding the enclosed document, please feel free to contact me at 757.460.3734 ext. 17.
