Subject: *Final Supplemental Remedial Investigation, Human Health Risk Assessment, and Ecological Risk Assessment for SWMU 3, Pter 10 Sandblast Yard, Naval Amphibious Base Little Creek, Virginia Beach, Virginia, August 2009*

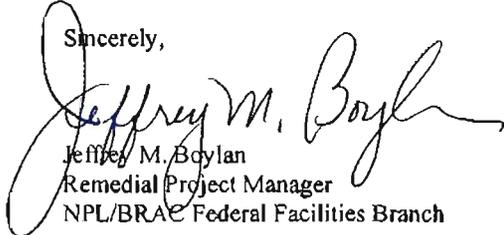

Dear Mr. Park:

The U.S. Environmental Protection Agency (EPA) Region III, MailCode 3HS11 received the hardcopy change pages and CD-ROMs from CH2MHILL (See 8/31/09 and 9/16/09 Transmittal Letters) for the subject document. The following summary is presented as documentation of the review and approval process.

- May 2008 - EPA received the draft document in hardcopy for review and comment.
- 10/22/2008 Letter (and Email) from EPA - Provided comments to Navy on the draft SRI/HHRA/ERA.
- 5/27/2009 Transmittal Letter from CH2MHILL - Transmitted a CD containing the draft/final document and responses to both EPA and VDEQ comments.
- 8/13/09 Email from EPA - Accepted the Navy's responses to EPA comments and offered no further comments at this time.

EPA has inserted these change pages into the document, considers it final and offers no further comments at this time. Should you have any questions or concerns, please feel free to contact me.

Sincerely,

Jeffrey M. Boylan
Remedial Project Manager
