Subject: Joint Expeditionary Base Little Creek – Fort Story
*Final Remediation Area Delineation Sediment Sampling Work Plan and
Sampling and Analysis Plan
SWMU 3 – Pier 10 Sandblast Yard and SMWU 7b – Small Boats Sandblast Yard*

Dear Mr. Peed

The Virginia Department of Environmental Quality (VDEQ), Office of Federal Facilities Restoration has reviewed the *Final Remediation Area Delineation Sediment Sampling Work Plan and Sampling and Analysis Plan for SWMU 3 – Pier 10 Sandblast Yard and SMWU 7b – Small Boats Sandblast Yard* dated March 2013. The comments provided in the VDEQ letter dated November 21, 2012 were adequately addressed in the response to comment letter from CH2MHILL dated January 4, 2013 and were incorporated, as necessary, into the change pages provided for this final document. While inserting the change pages VDEQ noticed a minor editing issue as the opening section of Worksheet 10-2 - SWMU 7b Problem Definition, Site Description and History, was printed on the last page of Worksheet 10-1. VDEQ offers no additional comment on this document at this time and considers it to be final.

If you have any questions concerning this comment, please give me a call at (804) 698-4464.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Paul E. Herman'.

Paul E. Herman, P.E.
Remediation Project Manager
