Importance: High

Team,

Attached is the redline Draft Final SWMU 3 ROD. This version addresses comments received from the Navy (RPM and Legal), VDEQ, and EPA. Please note that as a result of Navy legal comment Figure 1 was revised. The reference to "RI/FS Site" in the legend was changed to "SWMU 3" as the site is no longer in the RI/FS phase. All other changes/comments are apparent in redline. This version of the document is being provided for facility review in anticipation of a December 15 signature date. We will make you aware of any comments they may have. Please provide additional comment or concurrence by Monday 12/8 in order to allow time for document production in advance of the December 15 date.

Thanks!
Cecilia
