**Subject:** RE: SWMU 3 Pre-FS Sampling Work Plan

Scott,

VDEQ has reviewed the responses provided to our comments submitted via letter dated September 25, 2008. The responses provided adequately address the VDEQ concerns. Please note comment 4 was based on the questions and comments raised during the last RAB meeting (9/17/08) by a guest (Mr. John Holland). Please let me know if a formal RTCs acceptance letter is needed.

Why does everybody stand up and sing "Take Me Out To The Ballgame" when they're already there?

**Subject:** SWMU 3 Pre-FS Sampling Work Plan

Team,

Attached is the redline Draft Final SWMU 3 Pre-FS Sampling Work Plan as well as the updated figures and tables. This redline version incorporates VDEQs comments received 9/25/08 regarding the Draft Work Plan as well as the additional sediment COC analysis in conjunction with the ABM screening requested per the November 2008 Partnering Team meeting. We are currently prepared to conduct sampling beginning next week January 20th if work plan approval is received from the Team. Please let me know if you have additional comments and/or questions regarding the attached document.

Thank you,  
Cecilia
