Contract Task Order No. 0173

Subject: Draft Final Work Plan for Ecorisk at Navy Sites
Naval Education & Training Center, Newport Rhode Island

Dear Ms. Carlson:

Enclosed are four copies of the Draft Final Work/Quality Assurance Project Plan for Narragansett Bay Ecorisk and Monitoring for Navy Sites. This work plan was prepared by our subcontract team, the University of Rhode Island Graduate School of Oceanography (URI) and Science Applications International Corporation (SAIC).

This work plan was prepared following guidance provided at the third Ecorisk Advisory Board meeting held on March 3, 1995, and the outline received from EPA (via CDM) on that date. Based on this outline, the work plan controls detailed plans for offshore ecological risk assessment for three sites, McAllister Point Landfill, Old Firefighting Training Center, and Derecktor Shipyard. These site specific plans are addenda to the work plan.

Additional copies of this work plan and addenda have been presented to Ms. Kymberlee Keckler of the Environmental Protection Agency, Mr. Paul Kulpa of Rhode Island Department of Environmental Management, Mr. Tim Prior of the U.S. Fish and Wildlife Service, and Mr. Ken Finkelstein, of the National Oceanic and Atmospheric Administration under separate cover letters. If you have any questions regarding this material, please do not hesitate to contact me.

Very truly yours,

A handwritten signature in black ink, appearing to read "Stephen S. Parker", with a long, sweeping underline.
