Re: Draft Final Work Plan Addendum  
Supplemental Remedial Investigation for  
Site 08, NUSC Disposal Area

Dear Ms. Johnson:

EPA has received the "Draft Final Work Plan Addendum, Supplemental Remedial Investigation for Site 08, NUSC Disposal Area," dated July 2010, as prepared by Tetra Tech NUS, Inc., on behalf of Naval Station Newport, RI. EPA concurs with the Draft Final Work Plan, as amended by the July 2, 2010 letter issued by Tetra Tech NUS on behalf of the Navy, providing Navy's responses to RIDEM comments (dated June 8, 2010).

EPA looks forward to working with the Navy and RIDEM as we move forward with the supplemental RI investigation effort and the FS for the combined NUSC Disposal Area/Building 179 CUST site. If you have any questions, please contact me at (617) 918-1754 or at [lombardo.ginny@epa.gov](mailto:lombardo.ginny@epa.gov).

Sincerely,

  
Ginny Lombardo  
Remedial Project Manager
