Hartford, CT 06106

Re: Naval Submarine Base New London (NSBNL)--  
Federal Facility Agreement

Dear Ken and Jack:

Enclosed is the final form of the above-captioned Federal Facility Agreement. I have incorporated all of the revisions to the August 6, 1993 draft which we have agreed to, as well as those agreed to by the project managers.

I am sending the execution copy to Pete Kushner. It is my understanding that after Ken gets the required concurrences, Pete will have the document signed in Navy Headquarters and then forward it to Jack for signature by the Commissioner. Jack will then forward it on to me for signature by the Regional Administrator.

If you have any questions, please give me a call (617/565-3449).

Sincerely,

A handwritten signature in cursive script that reads "Bob DiBiccaro".

Robert A. DiBiccaro  
Senior Assistant Regional Counsel

Enclosure
