Re: ACTION MEMORANDUM FOR QUAY WALL SITE AT NAVAL SUBMARINE
BASE NEW LONDON, GROTON, CT

Dear Ms Keckler:

Please find enclosed three (3) copies of the Action Memorandum (AM) for the Time Critical Response Action at the Quay Wall site at the Naval Submarine Base New London (NSB-NLON).

As discussed in the AM a Removal Site Evaluation report will be prepared to document the details of all activities which were conducted.

Since a Remedial Investigation (RI) is planned for numerous sites on the Lower Subbase, and due to the close proximity to Site 13 - Building 79 Waste Oil Pit, it is my intention to include any future investigations of this Quay Wall site as part of this RI. Please let me know if you are in agreement with this plan.

Please call me at (610) 595-0567 ext. 162 if you would like to discuss this further.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mark Evans", is written over the typed name.

MARK EVANS
Remedial Project Manager
By direction of the
Commanding Officer
