Contract Task Order WE24

Subject: Final Pre-Design Investigation SAP and HASP for Groundwater at Lower Subase
Naval Submarine Base-New London, Groton, Connecticut

Dear Mr. Gravette:

Please find enclosed two hard copies and two electronic copies (CDs) of the subject Sampling and Analysis Plan (SAP) for your records. A Health and Safety Plan (HASP) for the project is included in electronic format only on the CD. Copies of the documents were also distributed to the other members of the Naval Submarine Base – New London team, per the distribution list provided below, for their records.

The SAP was finalized in accordance with the following response-to-comment documents: (1) Responses to EPA February 16, 2010 and March 23, 2010 Rebuttals, Revision 1, March 31, 2010. (2) Email from Kymberlee Keckler, EPA Region 1, to Jim Gravette, Navy, regarding Responses to EPA's Rebuttal Comments on the Sampling and Analysis Plan UFP-SAP for Pre-Design Groundwater Sampling at Lower Subase. April 9, 2010. (3) Responses to CTDEP March 2, 2010 Comments and March 30, 2010 Rebuttals, Revision 1, April 14, 2010.

The focus of the field work associated with the SAP is to collect and analyze additional groundwater samples to address gaps in the groundwater database for Zones 1, 4, 5, and 7 at the Lower Subase. Installation Restoration Program Sites 10, 11, 13, 19, 21, 22, and 25 are located in these zones. Tetra Tech will initiate the field work for this project on Monday April 19, 2010. If you have any questions regarding the enclosed documents, please contact me at (412) 921-8984.

Sincerely,

A handwritten signature in black ink, appearing to read 'Corey A. Rich'.
